**Policy Board Meeting - June 20, 2023**

This report was prepared by the Abilene Metropolitan Planning Organization in cooperation with the City of Abilene, the City of Tye, the City of Impact, CityLink Transit, Taylor County, Jones County, the Texas Department of Transportation, the United States Department of Transportation, the Federal Highway Administration, and the Federal Transit Administration.

## DISCLAIMER

The preparation and publication of this document was financed in part by grants provided by the Federal Highway Administration, the Federal Transit Administration, and the United States Department of Transportation. The provision of federal financial assistance should not be construed as denoting U.S. Government approval of plans, policies, programs, or projects contained herein.

## **BACKGROUND**

An Annual Listing of Obligated Projects (ALOP) is required for each metropolitan area. The purpose of this effort is to increase the transparency of government spending on transportation projects and strategies in metropolitan areas to state and local officials, and the public at large. On an annual basis, the state, public transportation operator, and the Metropolitan Planning Organization (MPO) cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year.

Obligation is defined as the federal government's legal commitment to pay the federal share of a project's cost. An obligated project is one that has been authorized by the Federal Highway Administration (FHWA) or the Federal Transit Administration (FTA) as meeting eligibility requirements for those federal funds. For FTA projects, obligation occurs when the FTA grant is awarded. For FHWA projects, obligation occurs when a project agreement is executed and the state/grantee requests that the funds be obligated.

Obligated projects means strategies and projects funded under title 23 U.S.C. and title 49 U.S.C. Chapter 53 for which the state or designated recipient authorized and committed the supporting federal funds in preceding or current program years, and authorized by the FHWA or awarded as a grant by the FTA.

The content of the Annual Listing of Obligated Projects is consistent with the project listing in the Transportation Improvement Program (TIP). The TIP is a listing of transportation projects over a four-year period that will be funded, at least in part, with funds from the FHWA and/or FTA.
